You're a technology champion.  
You have The Right Stuff.  
Announce it with

### The Right Business Cards™

- All the eye-catching benefits of traditional business cards.
- Tailored to your specifications.

- High quality printing.
- Choose your process: four-color, flat, or thermographic.
- At a price that beats over-the-counter print shops.

Bar coded contact information says *you care* about saving people time ... and it really *does* save time!

- The bar code contains your vCard, with name, address, phone number, and other contact information.
- People to whom you give your card scan the bar code into Microsoft Outlook, CardScan, or other contact managers.

Works with

- standard scanners
- digital cameras

Scanning software readily available.

- RightCardReader™ is like Adobe Acrobat Reader. Both are free.

- RightCardWare™ is like Adobe Acrobat. In addition to scanning bar coded business cards, 'Ware captures contact information, converts it to a bar code, and prints it onto business cards.

### Our spot color quality is as good or better than at CopyMax.

#### So are our prices. Here's an example.

You order three sets of 500 cards on Premium White 80# Cover. Thermographic gold front, with logo, no bleeds or borders. Price per set: \$51 + \$3 + \$9 = \$63 (RST-04-500 + RST-10-002 + RST-10-873). You enjoy a multiple set discount of 3 x \$10 = \$30 (RST-10-001). Your bottom line: (3 x \$63) - \$30 = \$159, plus shipping and sales tax.
